SUBJECT INDEX

A

ABNORMALITIES

- Craniofacial surgery anesthesia in children. Uppington, J. et al. 515

ABSENTEEISM

- Dentists lose work to musculoskeletal pain. Shugars, D. et al. 633

ABUTMENTS, DENTAL

- Hemisected mandibular molar abutment. Schmitt, S.M. et al. 575

ACCIDENTS

- Treatment and survival of Chernobyl victims. Gale, R.P. 610

ACCIDENTS, AUTOMOBILE

- Neither snow, nor rain, nor sudden impact. 252

ACESULFAME K

- Nonnutritive sweetener combination inhibits sucrose-induced caries. Siebert, G. et al. 482

ACETAMINOPHEN

- Pre-treatment improves postoperative analgesia. Liashek, P. et al. 329

ACID ETCHING, DENTAL

- Calcium hydroxide liners resist acid penetration. Garcia-Godoy, F. et al. 494
Etched cast restoration with built-in advance of occlusal correction. de Bruyn, H.E. et al. 186
The Manhattan bridge: a new silk-wrap technique. Golub, J.E. 65
Porcelain veneer etching technique. Jones, G.E. et al. 63
Primary canine retained with etched veneer. McConnell, R.J. et al. 349
Pyruvic acid as an etching agent choice. Retief, D.H. et al. 201
Repairing smooth surface enamel defects with bonded resin sealant. Croll, T.P. 295
Technique for natural teeth pontics. Binkley, T.K. et al. 71

ACQUIRED IMMUNODEFICIENCY SYNDROME

- Community-based services respond to AIDS epidemic. Arno, P.S. 161
Infectious diseases and dental education. DeMartino, B.K. 359
Nipping at its heels. Marwick, C. 309

Complications

- Oral manifestations, treatment procedures associated with AIDS. Evans, B. 524

Mortality

- AZT therapy reduces AIDS mortality. Fischl, M.A. et al. 609

Psychology

- Scared sick. Franzini, L.R. 421

ACRYLIC RESINS

- Apparatus measures wear resistance of materials. Whitman, D.J. et al. 258
Comparing plaque retained on crown materials. Chan, C. et al. 146
Streptococci and yeast adherence to acrylic. Verran, J. et al. 484

ACTINOMYCES

- Mandibular osteomyelitis and Actinomyces israelii. Gupta, D.S. et al. 183

ACUPUNCTURE

- Acupuncture for postoperative pain. Lapeere, G.L. et al. 479

- Chinese acupoint care for TMJ dysfunction. Chiu, L.C. et al. 520

ADENOCARCINOMA

- Metastatic adenocarcinoma of the mandible. Williams, T.P. et al. 233

ADOLESCENT PSYCHOLOGY

- A course in the blues. Miller, C.V. 644

ADOLESCENTS

- Population-based study: drowning in childhood. Wintemute, G.J. et al. 495
Teens at risk of Reyes. 645
Truant teens. 84

ADRENALINE

- Noradrenergic vasomotor control in gingiva, pulp. Parker, I. et al. 328

ADVERTISING

- Ad insult to injury. 84
Clean up misleading advertising. Yanover, L. 166
Fine-tuning commercials for consumer response. Carlin, M. 500

AEROSPACE MEDICINE

- A great view, but not much room. 420
If you drink, don't fly. 196

AGED

- Cervical tooth abrasion in elderly patients. Hand, J.S. et al. 201
Dental health of elderly with mental illness. Whittle, J.G. et al. 480
Fluoride-adequate water and root surface caries in elderly patients. Brustman, B.A. 202
Nutrition and preventive needs of older adults. Papas, A.S. et al. 187
Students' attitudes about elderly patients. Steele, L.P. 418

AGING

- Masticatory forces and skills may decrease with age. Newton, J.P. et al. 635

AGRANULOCYTOSIS

- Antibiotics suppress oral manifestations of agranulocytosis. Lamster, I.B. et al. 239

AIR POLLUTION

- Coffee, tea, or air. Sperber, S. 644

AIRCRAFT

- Coffee, tea, or air. Sperber, S. 644

AIRWAY OBSTRUCTION

- Alteration for restraint of sedated children. Adair, S.M. et al. 464
Maxillary expansion unjustified for airway. Warren, D.W. et al. 314

ALASKA

- Baked Alaska. 197

ALCOHOL DRINKING

- Bar personnel training affects drunken driving. Russ, N.W. et al. 609
If you drink, don't fly. 196

ALCOHOL, ETHYL

- Link between nicotine, alcohol, and oral cancer. Squier, C.A. et al. 38

ALCOHOLIC BEVERAGES

- Save the bottle for baby. Folkenberg, J. 28

ALCOHOLIC INTOXICATION

- Second offenders beware. 476

ALOPECIA AREATA

- Extremely rare case of oral hairs in a child. Fetkowska-Mielnik, K. et al. 21

ALPHA 2-MACROGLOBULIN

- Alpha 2-macroglobulin in periodontal disease. Skaleric, U. et al. 143

ALVEOLAR PROCESS

- Alveolar cavitation osteopathosis. Ratner, E.J. et al. 121
Antibiotics suppress oral manifestations of agranulocytosis. Lamster, I.B. et al. 239
Diphosphonates and alveolar bone loss. Schmidt, L.J. et al. 545
Fragments in alveolar bone of prehistoric American Indians. Mincer, H.H. et al. 315
Separate blood flow in alveolar bone, gingiva. Hock, J.M. et al. 380

ALVEOLAR RIDGE AUGMENTATION

- Absorbable mesh aids augmentation with HA. Silverberg, M. et al. 92
Amniotic membrane used in periodontal surgery. Petti, G. 64
Comparison of two bioceramic implants in periodontal defects. Barney, V.C. et al. 256
Ridge augmentation. Miller, P.D., Jr. 238
Soft vinyl resin stent aids hydroxylapatite use. Torres, C.P. et al. 14

ALZHEIMER'S DISEASE

- Blazing new trails. 196
First strike. 197
Souper brain food. Fortino, D. 589

AMELOBLASTOMA

- Peripheral ameloblastoma. Horowitz, I. et al. 573

AMELOGENESIS IMPERFECTA

- Overdentures: treatment for young patients with developmental anomalies. Johnson, A. et al. 241

AMNIOTIC MEMBRANE DRESSINGS

- Amniotic membrane used in periodontal surgery. Petti, G. 64

AMPHIBIANS

- Liberated amphibians. 477

ANESTHESIA, DENTAL

- History and physical exam best screening tests prior to anesthesia. Yagiela, J.A. 8
How to prepare anesthetic syringes: guidelines for the dental assistant. Dietz, E.R. 457
Inferior dental anesthesia: comparison of three methods. Todorovic, L. et al. 262
Intraseptal anesthesia in general practice. Marin, M.K. 290

ANESTHESIA, GENERAL

- Alteration for restraint of sedated children. Adair, S.M. et al. 464
Comparison of behavior after using sedation and general anesthesia. Camm, J.H. et al. 480
Conscious-sedation, general anesthesia: choosing a technique. Bennett, C.R. 341
Informed parents are satisfied with sedative treatment for children. ElBadrawy, H.E. et al. 86
Noninvasive monitors for outpatients. Anderson, J.A. et al. 229

Methods

- Craniofacial surgery anesthesia in children. Uppington, J. et al. 515

ANESTHESIA, LOCAL

- How to prepare anesthetic syringes: guidelines for the dental assistant. Dietz, E.R. 457

ANEURYSM

- Management of ruptured pseudoaneurysm of the sphenopalatine artery. Hemmig, S.B. et al. 459

- ANGER**
Let off steam. 365
- ANIMAL WELFARE**
Cat-tastrophe. 84
- ANKYLOSIS**
Congenital ankylosis of the mandible. Nwoku, A.L. et al. 9
Iliac crest graft reconstruction of childhood TMJ ankylosis. Kummoo, R. 18
Rare case of bilateral extracapsular ankylosis. Paolino, R.M. et al. 510
- ANODONTIA**
Overdentures: treatment for young patients with developmental anomalies. Johnson, A. et al. 241
- ANTARCTICA**
Antarctic fishes. Eastman, J.T. et al. 165
- ANTHROPOLOGY, PHYSICAL**
Coming of Age comes of age. 85
Fragments in alveolar bone of prehistoric American Indians. Mincer, H.H. et al. 315
- ANTI-INFLAMMATORY AGENTS, NON-STEROIDAL**
Adverse oral effects of NSAIDs reviewed. van der Bijl, P. et al. 572
- ANXIETY**
Anxiety and stressors in dental, hygiene students. Cecchini, J.J. et al. 25
- APICOECTOMY**
Retrofilling used in a spontaneously repaired crown fracture. Falomo, O.O. 17
- APPENDICITIS**
Pass the peas. Folkenberg, J. 196
- ARCHITECTURE**
Arches and vaults in the ancient Near East. Van Beek, G.W. 498
- ARCHIVES**
Quite a file cabinet. 140
- ARTERIOVENOUS FISTULA**
Carotid-cavernous fistula and injuries to the mandible. Kuroi, M. et al. 456
- ARTERIOVENOUS MALFORMATIONS**
Embolization treatment for arteriovenous defect. van den Akker, H.P. et al. 350
- ARTHROGRYPOSIS**
Correcting restricted mandibular opening due to arthrogryposis. Epstein, J.B. et al. 350
- ARTHROSCOPY**
Little iatrogenic injury from TMJ arthroscopy. Westesson, P. et al. 17
- ASBESTOS**
Marriage to a smoker, asbestos exposure, and lung cancer risk. Humble, C.G. et al. 440
- ASCITES**
Modified dentures for elderly patient with medical complications. Moline, D.O. 73
- ASPARTAME**
Bittersweet news. 476
Nonnutritive sweetener combination inhibits sucrose-induced caries. Siebert, G. et al. 482
- ASTRONOMY**
Dark matter: researchers use physics, astrophysics to study the universe. Krauss, L.M. 162
- ATHLETIC INJURIES**
Dental program for contact sports. Sawa, D.L. 468
- ATMOSPHERIC RELEASE ADVISORY CAPABILITY**
High-tech hound. Merz, B. 252
- ATRIAL FIBRILLATION**
Modified dentures for elderly patient with medical complications. Moline, D.O. 73
- ATTITUDE**
Informed parents are satisfied with sedative treatment for children. ElBadrawy, H.E. et al. 86
Laypersons judge surgery same as professionals. Dunlevy, H.A. et al. 626
Office policies. 533
- ATTITUDE OF HEALTH PERSONNEL**
Changes in perceptions of applying periodontics. Holmes, L.G. et al. 26
Perceptions of dentistry by recent dental graduates. Long, D.E. et al. 27
Students' attitudes about elderly patients. Steele, L.P. 418
- ATTITUDE TO HEALTH**
US adult health habits. Schoenborn, C.A. 216
- ATTORNEYS**
How to select a lawyer for your practice. Steingold, F.S. 526
- AUSTRALIA**
Hospital residency for Australian students. Stacy, G.C. et al. 249
- AUTOMOBILE DRIVING**
Bar personnel training affects drunken driving. Russ, N.W. et al. 609
Second offenders beware. 476
- AUTOMOBILES**
Lock your wheels. 532
- 3'-AZIDO-3'-DEOXYTHYMIDINE**
AZT therapy reduces AIDS mortality. Fischl, M.A. et al. 609
Nipping at its heels. Marwick, C. 309
AZT see 3'-AZIDO-3'-DEOXYTHYMIDINE
- B**
- BACKACHE**
Dentists lose work to musculoskeletal pain. Shugars, D. et al. 633
- BACTERIA**
Is a kiss just a kiss. 365
Theory of cell actions in tissue resorption. Meikle, M.C. et al. 97
Two measures of motility caused by oral irrigator. Drisko, C.L. et al. 548
- BACTERIAL VACCINES**
Progress toward caries vaccine hindered. Russell, R.R. et al. 254
- BASEBALL**
In the bullpen. 476
- BAYSILEX**
Effect of mixing ratio on elastomeric materials. Finger, W. et al. 36
- BEER**
Lightening the process. 196
- BELL'S PALSY**
Two cases of Bell's palsy. Keels, M.A. et al. 342
- BEVERAGES**
Bubbling up. 28
- BICUSPID**
Changing standards for posterior composite resin. Leinfelder, K.F. 600
Fractures of premolars. Salis, S.G. et al. 313
Management of fractures with composite resin. Baxter, P.W. 355
Simplified post and core for posterior teeth. Brown, J.W. et al. 398
- BIOCOMPATIBLE MATERIALS**
Vulnerability of unexposed roots to demineralization. Hoppenbrouwers, P.M. et al. 32
- BIRTH WEIGHT**
Birth weight, infant mortality by region. Allen, D.M. et al. 388
Save the bottle for baby. Folkenberg, J. 28
- BIS-DEQUALINIUM ACETATE**
Endodontic irrigants: a comparative study. Kaufman, A.Y. et al. 42
- BITE FORCE**
Maximum occlusal force of implant patients. Carr, A.B. et al. 597
Periodontal disease and bite force. Williams, W.N. et al. 436
- BLINDNESS**
Orbital apex syndrome. Zachariades, N. et al. 510
- BLOOD COAGULATION DISORDERS**
Management of patients with bleeding disorders. Stafileno, H. et al. 522
- BLOOD FLOW**
Temperature's effect on blood flow. Kwon, H.J. et al. 153
- BLOOD GAS MONITORING, TRANSCUTANEOUS**
Noninvasive monitors for outpatients. Anderson, J.A. et al. 229
- BLOOD PRESSURE**
Connubial pressure. 308
- BODY TEMPERATURE**
Temperature's effect on blood flow. Kwon, H.J. et al. 153
- BONDING, DENTAL**
Dentin bonding: basic science. Meeker, H.G. et al. 401
Effect of bonding agents on bond strengths of repaired composite resins. Azarbal, P. et al. 36
Higher veneer tensile bond strength with smaller retention beads. Nicholls, J.I. et al. 35
Leakage from rebonded posterior restorations. Garcia-Godoy, F. et al. 637
The Manhattan bridge: a new silk-wrap technique. Golub, J.E. 65
Technique for natural teeth pontics. Binkley, T.K. et al. 71
- BONE MARROW**
Behavior of neutropenic ulcers may indicate bone marrow recovery. Barrett, A.P. 240
- BONE PLATES**
Rigid internal fixation of mandibular fractures. Lindqvist, C. et al. 255
- BONE REGENERATION**
Hydroxyapatite unable to induce bone growth. Donath, K. et al. 535
- BONE RESORPTION**
Oral manifestations of osteoporosis. Baxter, J.C. 582
Pioneering research in bone resorption. 100
Rat model of mandibular bone resorption. Sones, A.D. et al. 213
- Etiology**
Antibiotics suppress oral manifestations of agranulocytosis. Lamster, I.B. et al. 239
- Prevention and Control**
ChMDP inhibits bone loss during maturation. Hardt, A.B. 319
Diphosphonates and alveolar bone loss. Schmidt, L.J. et al. 545
- Surgery**
Fabricating prostheses for sectioned teeth. Katenbaum, F. 231
- Therapy**
Mandibular resorption, use of osseointegrated prostheses related. Keler, E.E. et al. 177
- BONE SCREWS**
Self-threading screws after sagittal osteotomy. Turvey, T.A. et al. 182
- BOREDOM**
Zzzzz. Bozzi, V. 252
- BRAIN**
Brain power for the unborn. 421
- BREAST NEOPLASMS**
Thought-provoking therapy. 85
- BREATHING EXERCISES**
Breathing method controls gagging in patients. Hoad-Reddick, G. 12
- BRUXISM**
EMG measurement of occlusal splint effects. Cassisi, J.E. et al. 206
No close association between bruxism and periodontal disease. Hanamura, H. et al. 371
Sleep posture and bruxism. Colquitt, T. 178

- BUPIVACAINE**
Bupivacaine, lidocaine durations compared. Teplitsky, P.E. et al. 478
- BUPRENORPHINE**
Buprenorphine, fentanyl compared for efficacy. Litchfield, N.B. 152
- BURKITT'S LYMPHOMA**
Oral, jaw manifestations of Burkitt's lymphoma. Baden, E. et al. 572
- C**
- CADAVER**
Napoleon's legacy: "Waterloo teeth". Kanterman, C.B. 274
- CALCIUM**
Calcium absorption from milk and calcium salts. Sheikh, M.S. et al. 611
- CALCIUM HYDROXIDE**
Calcium hydroxide liners resist acid penetration. Garcia-Godoy, F. et al. 494
Single-appointment Ca(OH)₂ apical seal technique effective. Weinsenseel, J.A. et al. 205
Therapeutic effects of calcium hydroxide. Hammarstrom, L.E. et al. 214
- CALCIUM PHOSPHATES**
Calcium phosphate cement as a root canal filler. Chohayeb, A.A. et al. 605
- CANADA**
Perspectives on Canada's periodontal education. 473
- CANDIDA ALBICANS**
Candida implicated in some denture stomatitis. Fouche, M.H. et al. 428
- CANNIBIS**
Stamping out drug dealers. 141
- CAPSAICIN**
Hot topic. Marquardt, D. 588
- CARBONATED BEVERAGES**
Bubbling up. 28
- CARCINOGENS**
Potential carcinogens generated by saliva. Tenovuo, J. 38
- CARCINOMA, SQUAMOUS CELL**
Rare complication of oral carcinoma. Saito, R. et al. 62
Squamous cell carcinoma: a lingual metastasis. Davies-Payne, H.F. et al. 142
- CARIDEX**
Chemomechanical removal of caries: microscopic look. Goldman, M. et al. 426
- CARIOGENIC AGENTS**
Potential cariostatic factor found in cocoa. 's-Gravenmade, E.J. et al. 31
- CAROTID ARTERY DISEASES**
Carotid-cavernous fistula and injuries to the mandible. Kuroi, M. et al. 456
- CARTILAGE**
Allogenic lyophilized cartilage implants and effects of sterilization. Wangerin, K. et al. 377
- CARTILAGE, ARTICULAR**
Previously unreported TMJ surgical technique has 100% success rate. Walker, R.V. et al. 413
- CAT DISEASES**
Hot dogs. Koontz, K. 364
- CATARACTS**
C'ing is believing. Yulsman, T. 644
- CATS**
Cat-tastrophe. 84
- CATTLE**
It's all in the name. 364
- CAVERNOUS SINUS**
Carotid-cavernous fistula and injuries to the mandible. Kuroi, M. et al. 456
- CAVIDENTIN**
Sealing ability of interim filling materials. Friedman, S. et al. 38
- CAVIT-G**
Sealing ability of interim filling materials. Friedman, S. et al. 38
- CAVITEC**
Phenolic oils in cavity liners, bases, cements. Meeker, H.G. et al. 233
- CELL ADHESION**
Cell attachment to diseased surfaces. Fardal, O. et al. 154
- CENTRAL NERVOUS SYSTEM**
Recognizing CNS injury in traumatized children. Schneider, P.E. 73
- CEPHALOMETRY**
Head and neck pathology in adult radiographs. Kantor, M.L. et al. 408
- CERESTORE**
Comparing plaque retained on crown materials. Chan, C. et al. 146
- CHECK-UP**
Six dentifrices, their claims: a critique. Sherrill, C.A. et al. 43
- CHEMOTAXIS**
Possible explanation for refractory cases of periodontitis. Oshrain, H.I. et al. 317
- CHERNOBYL**
Treatment and survival of Chernobyl victims. Gale, R.P. 610
- CHEWING GUM**
Effective use of nicotine-containing gum. Christen, A.G. et al. 72
Zirconium silicate gum effective on plaque. Kleber, C.J. et al. 96
- CHICKEN**
Souper brain food. Fortino, D. 589
- CHILD**
Population-based study: drowning in childhood. Wintemute, G.J. et al. 495
Headache in children. Rothner, A.D. 341
- CHILD BEHAVIOR**
Comparison of behavior after using sedation and general anesthesia. Camm, J.H. et al. 480
Hang out to dry. Hutter, R. 252
Managing the difficult pediatric dental patient. Melamed, B.G. 409
- CHILD PSYCHOLOGY**
On children and war. Brauner, A. et al. 49
- CHILI PEPPERS**
Hot topic. Marquardt, D. 588
- CHINA**
Dentistry in china. Hsi-tao, C. 161
Tourism troubles. 588
- CHLORHEXIDINE**
Chlorhexidine efficacy on gingivitis tested. Grossman, E. et al. 150
Chlorhexidine regimen with fluoride supplement. Zickert, I. et al. 640
Review of chlorhexidine. Gabler, W.L. et al. 511
- CHLOROFORM**
Effect of bonding agents on bond strengths of repaired composite resins. Azarbal, P. et al. 36
- CHOLESTEROL**
Fat season. 85
Low serum cholesterol not associated with cancer mortality. Anderson, K.M. et al. 389
- CHONDROMA**
Synovial chondromatosis of TMJ: a case report. Thompson, K. et al. 124
- CHROMOSOMES**
Chromosome screening of athletes is inaccurate. de la Chapelle, A. 105
- CHRONIC DISEASE**
Clinician, patient roles in allopia management. Lapeer, G.L. 292
- Teaching chronic facial pain management. Roistacher, S. et al. 310
- CHRONICLE** 21, 24, 27, 52, 74, 80, 83, 102, 110, 133, 139, 165, 166, 189, 193, 195, 215, 220, 243, 247, 251, 270, 278, 307, 312, 333, 358, 363, 368, 385, 389, 413, 419, 439, 469, 472, 475, 500, 502, 525, 531, 550, 556, 558, 587, 592, 608, 612, 614, 632, 643
- CIRCADIAN RHYTHM**
Is depression a disorder of internal timekeeping? Van Cauter, E. et al. 48
- 13-CIS-RETINOIC ACID**
Oral leukoplakia treated with 13-cis-retinoic acid. Hong, W.K. et al. 198
- CLEFT LIP**
Prosthetic care for patients with cleft lip and cleft palate. Ohyma, T. 130
Treating patients with orofacial clefts—the orthodontist's role. Markovic, M. 130
- CLEFT PALATE**
Dental genetics review. Pearn, J. et al. 313
Full-thickness onlay graft for cleft palate. Winnick, A.N. 517

DENTURE CLEANSERS

Easy removal method for porcelain teeth. Boone, M.E. et al. 625

DENTURE, COMPLETE

Fabrication of a magnetically retained implant for den-

tures. Carlyle, L.W. et al. 67

Importance of saliva to removable prosthodontics. Edgerton, M. et al. 185

Mandibular resorption, use of osseointegrated prostheses related. Keller, E.E. et al. 177

DENTURE, COMPLETE, LOWER

Maximum occlusal force of implant patients. Carr, A.B. et al. 597

DENTURE, COMPLETE, UPPER

Dealing with enlarged maxillary tuberosity in denture construction. Badr, S.E. et al. 576
Maximum occlusal force of implant patients. Carr, A.B. et al. 597

DENTURE LINERS

Hypochlorite cleaning for soft denture liners. Davenport, J.C. et al. 37

DENTURE, OVERLAY

Modified dentures for elderly patient with medical complications. Moline, D.O. 73
Overdentures: treatment for young patients with developmental anomalies. Johnson, A. et al. 241

DENTURE, PARTIAL

Crown and sleeve coping with alternate materials. Silverman, E.S. 303

DENTURE, PARTIAL, FIXED

Dentists' sources of new information and continuing education. Landesman, H.M. et al. 81
Etched cast restoration with built-in advance of occlusal correction. de Bruyn, H.E. et al. 186
Hemisected mandibular molar abutment. Schmitt, S.M. et al. 575
Interim seating of fixed prosthodontic retainers. Bell, A.M. 304
The Manhattan bridge: a new silk-wrap technique. Golub, J.E. 65
Technique for natural teeth pontics. Binkley, T.K. et al. 71

DENTURE, PARTIAL, REMOVABLE

Choosing direct retainers for distal-extension RPD. Frank, R.P. 69
Custom shaded PFM on maxillary RPD. Sykora, O. 407
Gold occlusal surfaces for RPDs with vertical parallel pin castings. Nicholas, W.T. et al. 302
Importance of saliva to removable prosthodontics. Edgerton, M. et al. 185
Maxillary one-sided RPD. Ben-Ur, Z. et al. 67
Segmented, removable partial dentures. Hansen, C.A. et al. 465

DEPRESSION

A course in the blues. Miller, C.V. 644
Depression rates, risks profile psychiatric epidemiology advancement. Weissman, M.M. 331
Electroconvulsive therapy and the compromised TMJ. Zulian, M.A. et al. 519
Is depression a disorder of internal timekeeping? Van Cauter, E. et al. 48

DERMATITIS, CONTACT

Hazards of base metals. Morris, H.F. et al. 513

DEVELOPING COUNTRIES

Third world dentistry. Carl, W. 443

DIABETES MELLITUS

Easy pill to swallow. Shaffer, M. 140
Salivary acidity in patients with diabetes. Bracco, P. et al. 96
Tongue teasers. Niemark, J. 589

DIAGNOSIS, ORAL

Diagnosis strategies. Halse, A. et al. 101
The need for an accurate diagnosis. Shankland, W.E. 276

DICHLOROMETHYLENE DIPHOSPHONATE

Cl₂MDP inhibits bone loss during maturation. Hardt, A.B. 319

DIET

Diet and sensitivity. Addy, M. et al. 493
Eggagerrated abstinence. Romero, J. 644

Fertile carnivores. Sandmaier, M. 365

Food for life. Epstein, S. 356

Pass the peas. Folkenberg, J. 196

The spirit is willing, but. Longstreet, D. 420

DINOSAURS

Reptiles over easy. 588

DIPHOSPHONATES

Diphosphonates and alveolar bone loss. Schmidt, L.J. et al. 545

DISEASE OUTBREAKS

A look at flu epidemics. Lui, K.J. et al. 498
Frightening flashback. 140

DISINFECTION

Darkroom disinfection. Chessher, M. 521

DISLOCATIONS

Lingual nerve entrapment and TMJ displacement. Isberg, A.M. et al. 519

DISSEMINATED INTRAVASCULAR COAGULATION

Rare complication of oral carcinoma. Saito, R. et al. 62

DIURNAL RHYTHM

Cell proliferation in mouse crestral and crevicular epithelium. Sandhu, H.S. et al. 435

DIVORCE

Solo. Zevin, D. 532

DNA

Cell proliferation in mouse crestral and crevicular epithelium. Sandhu, H.S. et al. 435

DOG DISEASES

Hot dogs. Koontz, K. 364

DOPAMINE

Noradrenergic vasomotor control in gingiva, pulp. Parker, I. et al. 328

DOWN'S SYNDROME

Tracking down syndrome. Patterson, D. 551

DOXYCYCLINE

Gingival fluid compared for concentrations of doxycycline, tetracycline. Pascale, D. et al. 152

DRAINAGE

Easy-to-make simulator for teaching incision and drainage proficiency. Glickman, G.N. et al. 83

DRINKING

Rinse cycle. 477

DROWNING

Population-based study: drowning in childhood. Wintemute, G.J. et al. 495

DRUG COMPOUNDING

High-tech homogenization. 364

DRUG HYPERSENSITIVITY

Avoiding hazards of antimicrobial therapy. Kunitake, L.M. 65

DRUGS, PRESCRIPTION

Not just second string. Podolsky, D.M. 477

DUES

No apologies here. McCullough, K.C., Jr. 613

DUODENAL ULCER

Sorry Bossie. McCarthy, P. 421

DURAPATITE

Durapatite used for osseous defects of juvenile periodontitis. Hoexter, D.L. et al. 10

DYCAL

Phenolic oils in cavity liners, bases, cements. Meeker, H.G. et al. 233

DYES

Caries identification with dye stain technique. List, G. et al. 426

E

EAR

Discomalleolar ligament observed in adults. Komori, E. et al. 101

ECONOMICS

Cloudy forecast. Mervosh, E. 84

FLUORIDES

- Chlorhexidine regimen with fluoride supplement. Zickert, I. et al. 640

- Fluoride's effects on enamel proteins during three mat-

uration stages. Den Besten, P.K. 90

Nontoxic levels of F- in fluoride varnish. Roberts, J.F. et al. 547

Presence of fluoride in infant milk formula. Johnson, J., Jr. et al. 425

Simplified measurement of fluoride in powders. Hattab, F.N. 382

FLUORIDES, TOPICAL

Fluoride dentifrice and rinse recommended for orthodontic patients. O'Reilly, M.M. et al. 536

No benefits from fluoride in gel form. Tolle, S.L. et al. 433

Nontoxic levels of F- in fluoride varnish. Roberts, J.F. et al. 547

Oral fluoride retention after application of gel in air-cushion trays. Tyler, J.E. et al. 542

FOCAL INFECTION, DENTAL

Alveolar cavitation osteopathosis. Ratner, E.J. et al. 121

FOLK MEDICINE

Folklore holds roots of modern health faddism. Whorton, J.C. 386

FOOD

Food safety affects public health. Wagstaff, D.J. 271

FOOD ADDITIVES

Process of elimination. 253

FOOD HANDLING

It's still a jungle out there. 588

FOOD HYPERSENSITIVITY

Process of elimination. 253

FOOD LABELING

It's all in the name. 364

FOOD PREFERENCES

Pining for pickles. Neimark, J. 364

FOOT

Nerve damage in feet of runners not clinically significant. Dyke, P.J. et al. 552

FOOTBALL

Dental program for contact sports. Sawa, D.L. 468

FOREIGN BODIES

Fragments in alveolar bone of prehistoric American Indians. Mincer, H.H. et al. 315

Management of root displacement into sinus. Barclay, J.K. 566

New radiopaque denture material can save lives. Devlin, H. 189

Risk, management of ingesting dental retainer. Hinkle, F.G. 514

FORENSIC DENTISTRY

Forensic dentistry techniques. Kirkland, G. et al. 345

Forensic investigation of Josef Mengele's death. Curran, W.J. 103

FORMOCRESOLS

Formocresol implicated in periodontal damage. Kopczyk, R.A. et al. 127

FOSSILS

Dragging out demise. 141

Fossil revisionism. 47

Reptiles over easy. 588

FRACTURE FIXATION

Fixation and effects on mouth opening. de Amaratunga, N.A. 490

FRACTURE FIXATION, INTERNAL

Fixation of fractures using button wires. O'Kane, M.M. et al. 20

Predicting relapse after mandibular advancement. Van Sickels, J.E. et al. 9

Rigid internal fixation of mandibular fractures. Lindqvist, C. et al. 255

FRUITS

Enamel eroded by baby fruit juices. Smith, A.J. et al. 316

FUNCTIONAL ORTHODONTIC APPLIANCES

The component approach for hybrid appliances. Vig, P.S. et al. 125

FUSED TEETH

Prevalence of fusion and tooth gemination. Duncan, W.K. et al. 516

FUSION

Effect of bonding agents on bond strengths of repaired composite resins. Azarbal, P. et al. 36

G

GAGGING

Breathing method controls gagging in patients. Hoad-Reddick, G. 12

GASTROINTESTINAL DISEASES

Oral fluoride retention after application of gel in air-cushion trays. Tyler, J.E. et al. 542

GELS

No benefits from fluoride in gel form. Tolle, S.L. et al. 433

GENETICS

Dental genetics review. Pearn, J. et al. 313

GERIATRIC DENTISTRY

Setting up a geriatric dentistry program in a long term care facility. Mulligan, R. 585

The values of geriatric dentistry. Ozar, D.T. 501

GINGIVA

Tissue response to electrosurgical blade same as with electrode. Kalkwarf, K.L. et al. 596

Abnormalities

Extremely rare case of oral hairs in a child. Fetkowska-Mielnik, K. et al. 21

Analysis

Cell proliferation in mouse crestal and crevicular epithelium. Sandhu, H.S. et al. 435

Gingival fluid compared for concentrations of doxycycline, tetracycline. Pascale, D. et al. 152

Noradrenergic vasomotor control in gingiva, pulp. Parker, I. et al. 328

Blood Supply

Separate blood flow in alveolar bone, gingiva. Hock, J.M. et al. 380

Smoking and gingival blood flow rates. Baab, D.A. et al. 638

Drug Effects

Effect of restoration materials on gingiva. van Dijken, J.W. et al. 425

Injuries

Clinical and histologic characteristics of injury from dental floss. Hallmon, W.W. et al. 12

Microbiology

Subgingival microbiota associated with puberty. Delaney, J.E. et al. 325

Physiology

Gingival autograft "take" dependent on epithelial vessels. Nobuto, T. et al. 437

Pathology

Graft replaces peripheral giant cell granuloma. Amar, H. 34

GINGIVAL HYPERPLASIA

Dental plaque may be reservoir of cyclosporin. McGaw, T. et al. 641

Oral side effects of transplant drug. Daley, T.D. et al. 491

Orthodontic gingival migration reduced by monthly prophylaxis. Huber, S.J. et al. 379

GINGIVAL NEOPLASMS

Oral, jaw manifestations of Burkitt's lymphoma. Baden, E. et al. 572

Peripheral ameloblastoma. Horowitz, I. et al. 573

GINGIVAL RECESSON

Bilaminar graft for denuded root surfaces. Nelson, S. 300

Formocresol implicated in periodontal damage. Kopczyk, R.A. et al. 127

Gingival recession during and after excessive proclina-

tion. Artun, J. et al. 374

Mucogingival therapy for pedodontic patients. Maynard, J.G., Jr. 353

GINGIVITIS

Chronic gingivitis after trauma in a child with neutropenia. Symons, A.L. 410

Gingival irritation of restoration margins. Fusayama, T. 347

Sanguinaria rinse and irrigant on established plaque and gingivitis. Parsons, L.G. et al. 642

Variable relationship of plaque, gingivitis. Spindel, L.M. et al. 12

Drug Therapy

Chlorhexidine efficacy on gingivitis tested. Grossman, E. et al. 150

Pathology

Clinical and histologic correlates of gingivitis. Brex, M.C. et al. 383

Histology, microscopy in experimental gingivitis. Abbas, F. et al. 41

Lymphocyte subgroups in human gingivitis. Wynne, S.E. et al. 95

Prevention and Control

Listerine antiseptic two vs four times daily. Mankodi, S. et al. 489

Sanguinaria extract: effective in rinse or irrigating solution. Southard, G.I. et al. 639

Sanguinaria, not zinc, determines effectiveness. Southard, G.I. et al. 546

GLASS IONOMER CEMENTS

Benefits of preventive glass ionomer restoration. Garcia-Godoy, F. 68

GLAUCOMA

Thought-provoking therapy. 85

GLOSSECTOMY

Maxillary glossectomy prosthesis: its effects on speech and swallowing. Davis, J.W. et al. 459

Tongue prosthesis for hemimandibulectomy with glossectomy. Ballard, J.L. et al. 70

GLOVES, SURGICAL

Inflammatory response to glove starch powder. Peters, E. et al. 263

GLUCOCORTICIDS

Glucocorticoid therapy and dental management. Sacks, J. et al. 466

GOLD ALLOYS

Comparing plaque retained on crown materials. Chan, C. et al. 146

Frequency of pulpal injury with gold foil. Balaban, F.S. et al. 146

Gold occlusal surfaces for RPDs with vertical parallel pin castings. Nicholas, W.T. et al. 302

GOLF

A hole in your pocket. 85

GOUT

Sitting this one out. Kaplan, G.M. 141

GRANDPARENTS

Grandparenting '80s style. Liotta, C. 140

GRANULOMA, GIANT CELL

Graft replaces peripheral giant cell granuloma. Amar, H. 34

Treatment of giant cell lesion of mandible. Webb, D.J. et al. 232

GREAT BRITAIN

Nutrition curricula in UK dental schools. Beeley, J.A. 311

Orthodontic training in the United Kingdom. Stephens, C.D. 417

GUTTA-PERCHA

Apical extrusion control of gutta-percha. George, J.W. et al. 176

Apical foramen patency condensation stresses. Gimlin, D.R. et al. 143

Rejuvenating brittle gutta-percha cones. Katz, A. et al. 320

Temperature increases and heated gutta-percha. Hardie, E.M. 492

H

HABITS

Oral habits play role in common migraine. Moss, R.A. 354

US adult health habits. Schoenborn, C.A. 216

HAIR

Away with the gray. Kolata, G. 644

HALITOSIS

Large palatal fibroma cause of halitosis and speech difficulties. Block, P.L. et al. 453

HAND, FOOT AND MOUTH DISEASE

Viral lesions of the oral cavity: a review. Zunger, S.R. 119

HANDICAPPED

Efficacy of Oregon's program for impaired MDs. Shore, J.H. 484

Monkeys help handicappers to help themselves. MacFadyen, J.T. 104

HEAD

Significant postural changes in lip pressure. Hellsing, E. et al. 378

HEAD AND NECK NEOPLASMS

Complications of head and neck irradiation. Fleming, T.J. 15

HEADACHE

Detailed history key to diagnosis of headache. Swanson, J.W. 344

Headache in children. Rothner, A.D. 341

Take two aspirin and call your doctor. Sandmaier, M. 365

HEALTH

Believe it or not. 588

HEALTH EDUCATION, DENTAL

Producing a dental video. Hemmes, M. 77

HEALTH SERVICES ACCESSIBILITY

Access to health care: a privilege or a right? Laskin, D.M. 613

HEALTH SERVICES NEEDS AND DEMAND

Demand for maxillofacial prosthetic services. Desjardins, R.P. 81

Future periodontal needs shape today's curriculum. Ainamo, J. 473

HEART DISEASE

Recurrent herpes labialis in a military band. Barkvoll, P. et al. 436

HERPES SIMPLEX

Blazing new trails. 196

Viral lesions of the oral cavity: a review. Zunger, S.R. 119

HERPES ZOSTER

Viral lesions of the oral cavity: a review. Zunger, S.R. 119

HERPESVIRUS HUMANIS

Morbidity of resistant strains of HSV-1. Vinckier, F. et

al. 578

HISTORY OF DENTISTRY

Once and for all: who invented modern extraction forceps? Moskow, B.S. 553

HISTORY OF MEDICINE

Dr. Louis Pasteur and "Le Rage". Malkin, H. 219

HOCKEY

Dental program for contact sports. Sawa, D.L. 468

HOLISTIC HEALTH

Holistic patient care and practice management. Horowitz, L.G. 528

HOLOGRAPHY

Inventing a necessity. 28

HOME CARE

Hospital care comes home. Friedman, J.A. 440

HORMONES

Fertile carnivores. Sandmaier, M. 365

HOSTILITY

Great expectations. 533

HUNTINGTON'S DISEASE

What you don't know. Rosenberg, K. 308

HYDROCHLORIC ACID

Enamel color: 60-year modification results. Croll, T.P. 567

HYDROGEN PEROXIDE

H₂O₂, salt solutions as antiplaque agents. Greenstein, G. et al. 432

Oral hygiene compliance unaffected by phase-contrast viewing. Bakdash, M.B. et al. 434

Salt/peroxide no better than conventional hygiene. Wolff, L.F. et al. 434

HYDROGEN-ION CONCENTRATION

Effects of saliva pH and buffer capacity on solubility of cements. Pluim, L.J. et al. 377

Interaction of acidity and enzymatic activity. Clarkson, B.H. et al. 254

Salivary acidity in patients with diabetes. Bracco, P. et al. 96

HYDROLYSIS

Comparative hydrolysis of MFP by streptococci. Saotome, T. et al. 433

HYDROXAPATITE

Hydroxapatite unable to induce bone growth. Donath, K. et al. 535

Vulnerability of unexposed roots to demineralization. Hoppenbrouwers, P.M. et al. 32

HYDROXYLAPATITE

Absorbable mesh aids augmentation with HA. Silverberg, M. et al. 92

Implants with porous hydroxylapatite neck get superior rating. Hosaka, N. et al. 537

Soft vinyl resin stent aids hydroxylapatite use. Torres, C.P. et al. 14

HYPERPARATHYROIDISM

Surgery unwarranted for most jaw lesions of hyperparathyroidism. Smith, A.C. et al. 298

HYPERSENSITIVITY

Inflammatory response to glove starch powder. Peters, E. et al. 263

HYPERTENSION

Modified dentures for elderly patient with medical complications. Moline, D.O. 73

Program urges screening for hypertension. Davis, W.D., Jr. 103

HYPOCHLORITE

Hypochlorite cleaning for soft denture liners. Davenport, J.C. et al. 37

HYPOTHYROIDISM

Modified dentures for elderly patient with medical complications. Moline, D.O. 73

I

IBUPROFEN

Ibuprofen effective for dental pain, studies show. Cooper, S.A. 98

IGG

IgG-containing cells in odontogenic cysts. Smith, G. et al. 372

ILIUM

Iliac crest graft reconstruction of childhood TMJ ankylosis. Kummoona, R. 18

IMMUNITY

Fitness bugs. Legwold, G. 252

IMMUNOSUPPRESSIVE AGENTS

Immunosuppressive therapy and periodontal disease. Tollefsen, T. et al. 200

IMPLANTS, ARTIFICIAL

Fabrication of a magnetically retained implant for dentures. Carlyle, L.W. et al. 67

Implants with porous hydroxylapatite neck get superior rating. Hosaka, N. et al. 537

New porous-surfaced implant system assessed. Deporter, D.A. et al. 40

IMPREGUM

Effect of mixing ratio on elastomeric materials. Finger, W. et al. 36

INCISOR

Endodontically treated anterior teeth compared. Brandal, J.L. et al. 602

Unusual incisor extractions. Hinkle, F. 573

Abnormalities

Treatment options for missing or peg-shaped maxillary lateral incisors. Miller, W.B. et al. 628

Anatomy and Histology

Selection of artificial teeth size in Blacks. Grave, A.M. 267

Complications

Autogenous transplant of supernumerary incisor. Spuller, R.L. et al. 299

Injuries

Chronic gingivitis after trauma in a child with neutropenia. Symons, A.L. 410

Retrofilling used in a spontaneously repaired crown fracture. Falomo, O.O. 17

Pathology

Long term effects of crowded incisors. Artun, J. et al. 482

INCOME

Economic survey of solo practices. Anderson, P.E. 79

More caries, less care for low income children. Clark, B.J. et al. 536

Survey shows solo dentists make more. Wilson, B. 75

INCOME TAXES

Children and tax reform. Sarner, H. 138

INDUSTRY

The fabric of success. Hoffer, W. 497

INFANT

Preventive dentistry for the very young. Goepferd, S.J. 354

INFANT FOOD

Presence of fluoride in infant milk formula. Johnson, J., Jr. et al. 425

INFANT MORTALITY

Birth weight, infant mortality by region. Allen, D.M. et al. 388

INFANT, PREMATURE

Look on the bright side. 308

INFLUENZA

Flu season nears. 645

A look at flu epidemics. Lui, K.J. et al. 498

INJECTIONS, INTRAMUSCULAR

Intramuscular injection for myofascial pain: a comparative study. Hagberg, C. et al. 44

INSULIN

Easy pill to swallow. Shaffer, M. 140

INSURANCE

A hole in your pocket. 85

INSURANCE, DENTAL

- Insurance considerations for dental sealants. DiLeone, C.M. 191
Oral health, insurance, and quality of life. Bailit, H.L. 634
- INSURANCE, LIABILITY**
Gauging insurance needs. Randle, P.A. 414
- INSURANCE, LIFE**
Gauging insurance needs. Randle, P.A. 414
- INTERIOR DESIGN AND FURNISHINGS**
Office design can ease fearful patients. Kroeger, R.F. et al. 78
What does your office say to patients? Rhode, N. 76
- INTERNSHIP AND RESIDENCY** *see also* RESIDENCY, DENTAL
Hospital residency. Stacy, G.C. et al. 135
- INTERVIEWING**
Interviewing skills. Jupp, A. 416
- INTUBATION, INTRATRACHEAL**
Fracture caused by laryngoscopy, intubation. Nishioka, G.J. et al. 229
Palatal deformity following intubation. Warwick-Brown, M.M. 406
- IRM**
Phenolic oils in cavity liners, bases, cements. Meeker, H.G. et al. 233
Sealing ability of interim filling materials. Friedman, S. et al. 38
- IRON**
Better nutrition affects historical gender ratios. Bullough, V.L. 496
- ISOPAST**
Elements of oral environment degrade composite systems. van Groenigen, G. et al. 206
- J**
- JAW DISEASES**
Oral manifestations of osteoporosis. Baxter, J.C. 582
Surgery unwarranted for most jaw lesions of hyperparathyroidism. Smith, A.C. et al. 298
- JAW RELATION RECORD**
Muscular and articular re-education device for edentulous patients. Dabadie, M. et al. 517
Variation in occlusal and TMJ relations in healthy individuals. Agerberg, G. et al. 549
- JOURNALISM, DENTAL**
Dentists' sources of new information and continuing education. Landesman, H.M. et al. 81
- JOURNALISTS**
Write risks. Hill, D. 29

Orthodontics, pituitary function, and learning ability: a new theory. Sheary, C.B. 99
- LECITHIN**
Souper brain food. Fortino, D. 589
- LEG**
Nerve damage in feel of runners not clinically significant. Dyke, R.J. et al. 552
- LESCH-NYHAN SYNDROME**
Lesch-Nyhan syndrome: extractions can prevent self-mutilating behavior. Salzman, R.A. et al. 410
- LEUKEMIA, LYMPHOCYTIC**
Morbidity of resistant strains of HSV-1. Vinckier, F. et al. 578
- LEUKEMIA, MYELOBLASTIC**
Aleukemic presentation of granulocytic sarcoma. Ficarra, G. et al. 453
- LEUKEMIA, MYELOCYTIC**
Aleukemic presentation of granulocytic sarcoma. Ficarra, G. et al. 453
- LEUKOPLAKIA**
Oral leukoplakia treated with 13-cis-retinoic acid. Hong, W.K. et al. 198
- LICHEN PLANUS**
Mental disturbance in selected patients with oral lichen planus. Hampf, B.G. et al. 424
- LIDOCAINE**
Adverse reaction to local anesthetic: case report. Curley, R.K. et al. 401
Bupivacaine, lidocaine durations compared. Teplitsky, P.E. et al. 478
Lidocaine, epinephrine and arousal in patients with dental fear. Fiset, L. et al. 30
- LIFE EXPECTANCY**
Longevity varies by state. 160
- LIGHT**
Ophthalmic concerns with visible light curing unit. Antonson, D.E. et al. 144
Protective filters for light-curing units. Cullen, A.P. et al. 158
- LINGUAL NERVE**
Lingual nerve entrapment and TMJ displacement. Isberg, A.M. et al. 519
- LIP DISEASES**
Alternatives for surgery of the aging lip. Pitanguy, I. et al. 468
Gender-specific lip lesion occurrence. Bouquot, J.E. et al. 423
- LIP NEOPLASMS**
Gender-specific lip lesion occurrence. Bouquot, J.E. et al. 423
Neutrotropic melanoma. McGinnis, J.P., Jr. et al. 235
- LIPIDS**
Clear as mud. 252
Lipids thicker than water. 253
Retinoids, nitrosamines, and cell lipid synthesis. Schuster, G.S. et al. 267
- LIPOPROTEINS**
Lipids thicker than water. 253
- LIPS**
Significant postural changes in lip pressure. Hellsing, E. et al. 378
- LISTERINE**
Listerine antiseptic two vs four times daily. Mankodi, S. et al. 489
- LONG TERM CARE**
Setting up a geriatric dentistry program in a long term care facility. Mulligan, R. 585
- LORDOSIS**
Symptoms related to orthodontic treatment. Rocabado, M. et al. 125
- LUNG NEOPLASMS**
Marriage to a smoker, asbestos exposure, and lung cancer risk. Humble, C.G. et al. 440
Metastatic adenocarcinoma of the mandible. Williams, T.P. et al. 233
Squamous cell carcinoma: a lingual metastasis. Davies-Payne, H.F. et al. 142
- LYMPHANGIOMA**
Oral lymphangioma. Hardie, J. et al. 565
- LYMPHOCYTES**
Lymphocyte subgroups in human gingivitis. Wynne, S.E. et al. 95
- LYMPHOMA**
Oral malignant lymphoma: 20 cases reclassified. Fukuda, Y. et al. 371
- LYMPHOMA, NON-HODGKIN'S**
Non-Hodgkin lymphomas. Macintyre, D.R. 120
- M**
- MALNUTRITION**
Modified dentures for elderly patient with medical complications. Moline, D.O. 73
- MALOCCLUSION**
Musical instruments can cause dentition damage. Bucolo, D. 631
Swallowing, respiration pattern, and malocclusion. Melsen, B. et al. 489
Symptoms related to orthodontic treatment. Rocabado, M. et al. 125
Unusual incisor extractions. Hinkle, F. 573
- MALOCCLUSION, ANGLE CLASS I**
A case of severely crowded teeth and poor facial appearance. Broadbent, J.M. 188
Treatment case report: Class I malocclusion with maxillary deficiency. Bond, J.A. 405

MOUTH DISEASES

Chemically Induced

Adverse oral effects of NSAIDs reviewed. van der Bijl, P. et al. 572

Paraquat and oral mucosa. Dobson, R.S. et al. 625

Diagnosis

Oral findings are marker for cardiac myxoma. Cook, C.A. et al. 291

Etiology

New dentifrice reaction. Young, H.M. et al. 461

Oral contraceptives and effects on oral tissues: a literature review. Vennetti, C.M. et al. 304

Pathology

Pigmentation of oral epithelium. Hedin, C.A. et al. 486

Viral lesions of the oral cavity: a review. Zunger, S.R. 119

Therapy

Oral manifestations, treatment procedures associated with AIDS. Evans, B. 524

MOUTH FLOOR

Oral lymphangioma. Hardie, J. et al. 565

MOUTH MUCOSA

New dentifrice reaction. Young, H.M. et al. 461

Nutrition, oral cytologic characteristics related. Sawyer, D.R. et al. 483

Pigmentation of oral epithelium. Hedin, C.A. et al. 486

MOUTH NEOPLASMS

Link between nicotine, alcohol, and oral cancer. Squier, C.A. et al. 38

Oral lymphangioma. Hardie, J. et al. 565

Oral malignant lymphoma: 20 cases reclassified. Fukuda, Y. et al. 371

MOUTH PROTECTORS

Dental program for contact sports. Sawa, D.L. 468

MOUTH, EDENTULOUS

Evaluating radiographs of edentulous patients. Catelli, W.F. et al. 438

MOUTHWASHES

Fluoride dentifrice and rinse recommended for orthodontic patients. O'Reilly, M.M. et al. 536

MUCOCELE

Mucocoeles of maxillary sinus—a review. Gardner, D.G. et al. 236

MULTIPLE MYELOMA

Paresthesia of mental nerve may indicate malignant tumor of jaw. Todd, H.W. et al. 454

MUSICAL INSTRUMENTS

Musical instruments can cause dentition damage. Bucolo, D. 631

MUSICIANS

Dental diagnosis and treatment for musicians. Prenskey, H.D. et al. 16

MYOCARDIUM

Mending broken hearts. Starr, D. 29

MYOFASCIAL PAIN SYNDROMES

Case of myofascial pain has possible viral origin. Harris, T.B. et al. 156

Intramuscular injection for myofascial pain: a comparative study. Hagberg, C. et al. 44

MYXOMA

Oral findings are marker for cardiac myxoma. Cook, C.A. et al. 291

N

NATIONAL DOG REGISTRY

Permanent protection. Timrud, D. et al. 532

NATIONAL HISTORICAL SITE

Not a plain plan. Sherman, R. 645

NEOPLASMS

Low serum cholesterol not associated with cancer mortality. Anderson, K.M. et al. 389

Prevalence of cancers. Feldman, A.R. et al. 275

NEURONS

Brain power for the unborn. 421

NEUTROPENIA

Behavior of neutropenic ulcers may indicate bone marrow recovery. Barrett, A.P. 240

Chronic gingivitis after trauma in a child with neutropenia. Symons, A.L. 410

NICKEL

Hypersensitivity to nickel-containing crowns. Lamster, I.B. et al. 514

NICOTINE

Effective use of nicotine-containing gum. Christen, A.G. et al. 72

Link between nicotine, alcohol, and oral cancer. Squier, C.A. et al. 38

NITRATES

Potential carcinogens generated by saliva. Tenovuo, J. 38

NITRIC ACID

Dental erosion caused by nitric acid application. Leary, J.M. et al. 411

NITRITES

Potential carcinogens generated by saliva. Tenovuo, J. 38

NITROSAMINES

Retinoids, nitrosamines, and cell lipid synthesis. Schuster, G.S. et al. 267

NITROUS OXIDE

Comparison of nasal mask scavengers during relative analgesia. Sher, A.M. et al. 601

Hygienists and N₂O. Rogo, E.J. et al. 61

NON-DAIRY CREAMER

You put the coconuts in my coffee. de Groot, P. 140

NORADRENALINE

Noradrenergic vasomotor control in gingiva, pulp. Parker, I. et al. 328

NUCLEAR MAGNETIC RESONANCE

Drawn to state-of-the-art. 29

Lipids thicker than water. 253

NUCLEAR REACTORS

Treatment and survival of Chernobyl victims. Gale, R.P. 610

NUTRASWEET

Bittersweet news. 476

NUTRITION

Better nutrition affects historical gender ratios. Bullough, V.L. 496

Food for life. Epstein, S. 356

Nutrition and preventive needs of older adults. Papas, A.S. et al. 187

Nutrition curricula in UK dental schools. Beeley, J.A. 311

Nutrition, oral cytologic characteristics related. Sawyer, D.R. et al. 483

NUTRITIONAL STATUS

Philippines oral and nutritional status. Flores, M.E. et al. 317

O

OCCUSIN

Three-year clinical trial results of occlusin. Wilson, N.H. et al. 145

OCCUPATIONAL DISEASES

Dentists lose work to musculoskeletal pain. Shugars, D. et al. 633

Hygienists and N₂O. Rogo, E.J. et al. 61

Mercury no occupational hazard of dentistry. Miller, E.G. et al. 585

Nose to the grindstone, shoulder to the report. 420

ODONTOBLASTS

Phosphophoryn marker for odontoblast distinction. Takagi, Y. et al. 257

ODONTOGENESIS

Effects of radiation on facial, tooth development. Harris, A.M. et al. 156

ODONTOGENIC CYSTS

IgG-containing cells in odontogenic cysts. Smith, G. et al. 372

ODONTOGENIC TUMORS

Calcifying odontogenic cyst with odontoma. Kesler, A. et al. 404

Histopathologically diverse case of mandibular dentinoma. Lukinmaa, P.L. et al. 234

Odontogenic myxoma. Stabholz, A. et al. 345

ODONTOMA

Calcifying odontogenic cyst with odontoma. Kesler, A. et al. 404

Mandibular odontomas. Selahattin, O. et al. 352

OFFICE WORKERS

Nose to the grindstone, shoulder to the report. 420

OPOTOW TEMPORARY CEMENT

Phenolic oils in cavity liners, bases, cements. Meeker, H.G. et al. 233

OPPORTUNISTIC DISEASES

Oral manifestations, treatment procedures associated with AIDS. Evans, B. 524

ORAL HEALTH

Dental health of elderly with mental illness. Whittle, J.G. et al. 480

Hygienists practice what they preach. Gilpin, J.L. 190

Oral health, insurance, and quality of life. Bailit, H.L. 634

Philippines oral and nutritional status. Flores, M.E. et al. 317

ORAL HYGIENE

Hygienists practice what they preach. Gilpin, J.L. 190

Oral hygiene compliance unaffected by phase-contrast viewing. Bakdash, M.B. et al. 434

ORAL HYGIENE INDEX

New tooth cleaning efficiency index. Maizels, A. et al. 328

Overview of indexes used in periodontics. Barnes, G.P. et al. 127

ORBIT

Orbitoplasty with medial pterygoid transplant. Ghosh, P. et al. 233

ORBITAL APEX SYNDROME

Orbital apex syndrome. Zachariades, N. et al. 510

OREGON

Efficacy of Oregon's program for impaired MDs. Shore, J.H. 484

ORTHODONTIC APPLIANCES

Effective techniques for adult orthodontics. Gorman, J.C. 629

Risk, management of ingesting dental retainer. Hinkle, F.G. 514

Superiority of glass bead sterilization of orthodontic bands. Smith, G.E. 20

ORTHODONTIC WIRES

Component variations and arch wire stiffness. Adams, D.M. et al. 323

ORTHODONTICS

Fluoride dentifrice and rinse recommended for orthodontic patients. O'Reilly, M.M. et al. 536

Orthodontic training in the United Kingdom. Stephens, C.D. 417

Orthodontics requires increased knowledge of statistical analysis. Rinchuse, D. et al. 213

Orthodontics, pituitary function, and learning ability: a new theory. Sheary, C.B. 99

ORTHODONTICS, CORRECTIVE

CSF procedure minimizes rotational relapse. Kryshalskyj, E. et al. 512

Effective techniques for adult orthodontics. Gorman, J.C. 629

Masseter response to orthopedic treatment. Carels, C. et al. 148

No extirpation for supraparoseous extracanal invasive resorption. Frank, A.L. et al. 509
Root resorption and replantation failure. Payne, G. 509

ROTATION
CSF procedure minimizes rotational relapse. Kryshalskyj, E. et al. 512

RU-486
Thought-provoking therapy. 85

RUNNING
Running into trouble. Troiano, L. 589

S

SACCHARIN

Nonnutritive sweetener combination inhibits sucrose-induced caries. Siebert, G. et al. 482

SALARIES AND FRINGE BENEFITS

Auxiliary pay increasing. Anderson, P.E. 190

SALIVA

Comparative hydrolysis of MFP by streptococci. Saotome, T. et al. 433

Importance of saliva to removable prosthodontics. Edgerton, M. et al. 185

Analysis

Effects of saliva pH and buffer capacity on solubility of cements. Plum, L.J. et al. 377

Limited sugar intake reduces interproximal and salivary *S. mutans*. Kristofferson, K. et al. 198

Saliva a colloidal biologic system. Simonsson, T. et al. 380

Salivary acidity in patients with diabetes. Bracco, P. et al. 96

Metabolism

Potential carcinogens generated by saliva. Tenovuo, J. 38

SALIVARY GLAND NEOPLASMS

Minor salivary gland neoplasms in Australia. Chau, M.N. et al. 33

Pleomorphic adenoma of minor salivary gland. McIlveen, L.P. et al. 343

SALIVARY GLANDS, MINOR

Minor salivary gland neoplasms in Australia. Chau, M.N. et al. 33

Pleomorphic adenoma of minor salivary gland. McIlveen, L.P. et al. 343

SALTS

H₂O₂, salt solutions as antiplaque agents. Greenstein, G. et al. 432

Oral hygiene compliance unaffected by phase-contrast viewing. Bakdash, M.B. et al. 434

Pining for pickles. Neimark, J. 364

Salt/peroxide no better than conventional hygiene. Wolff, L.F. et al. 434

SAN FRANCISCO

Starting again in San Francisco. Reinhardt, R. 386

SANGUINARIA

Sanguinaria extract: effective in rinse or irrigating solution. Southard, G.I. et al. 639

Sanguinaria, not zinc, determines effectiveness. Southard, G.I. et al. 546

Sanguinaria rinse and irrigant on established plaque and gingivitis. Parsons, L.G. et al. 642

SARCOMA, EWING'S

Ewing's sarcoma of the jaws. McGlumphy, E.A. et al. 403

SARCOMA, OSTEOGENIC

Osteogenic sarcoma and Paget's disease of the mandible: a case report. Ashman, S. et al. 5

SAUDI ARABIA

Saudi Arabian dentistry. Guile, E.E. et al. 273

SCALING, DENTAL

Limited benefits of scaling/root planing with surgical access. Buchanan, S.A. et al. 379

Microcomputer evaluates students' proficiency. Lie, T. et al. 417

Plaque control, root debridement in molars. Norland, P. et al. 431

Techniques of calculus removal evaluated. Gellin, R.G. et al. 95

SCHOOLS, DENTAL

Current statistics on US dental education. Tsai, C. 587

SCLERODERMA, SYSTEMIC

Mandibular symptoms in systemic sclerosis. Ramon, Y. et al. 292

SCLEROSIS, PROGRESSIVE SYSTEMIC

Mandibular symptoms in systemic sclerosis. Ramon, Y. et al. 292

SCOTCHBOND

Effect of bonding agents on bond strengths of repaired composite resins. Azarbal, P. et al. 36

SCOTLAND

Views on education. Kay, E.J. et al. 474

SCULPTURE

Deeper than skin-deep. 532

SEAT BELTS

School bus seat belts: the pros and cons. Campbell, S.L. 332

SECURITY MEASURES

Office security systems. Kramer, S. 76

SEDATION

Conscious-sedation, general anesthesia: choosing a technique. Bennett, C.R. 341

SELENIUM

Mercury, selenium, and oral galvanism. Molin, M. et al. 605

SELF-HELP DEVICES

Jaw-operated switch for paraplegics. DiPietro, G.J. et al. 132

SELF MUTILATION

Lesch-Nyhan syndrome: extractions can prevent self-mutilating behavior. Salzman, R.A. et al. 410

Tooth mutilation among South African Bushmen. van Reenen, J.F. et al. 87

SERIAL EXTRACTION

Unusual incisor extractions. Hinkle, F. 573

SEVRITON

Elements of oral environment degrade composite systems. van Groenigen, G. et al. 206

SEX RATIO

Better nutrition affects historical gender ratios. Bullough, V.L. 496

SHOCK, SEPTIC

Toxic shock syndrome of odontogenic origin. Egbert, G.W. et al. 290

SHOES

Mighty mites. Higdon, D.J. 533

SHOPPING

Shop till you drop. McCleary, K. 308

SILAR

Effect of bonding agents on bond strengths of repaired composite resins. Azarbal, P. et al. 36

SILICONE ELASTOMERS

Effect of mixing ratio on elastomeric materials. Finger, W. et al. 36

SILK

The Manhattan bridge: a new silk-wrap technique. Golub, J.E. 65

SILUX

Effect of bonding agents on bond strengths of repaired composite resins. Azarbal, P. et al. 36

SILVER

Sterling silver splint for noncompliant acrylic splint wearers. Lapeer, G.L. et al. 348

SINGLE PERSON

Mortality of bereaved. Kaprio, J. et al. 272

Solo. Zevin, D. 532

SKIN ULCER

Behavior of neutropenic ulcers may indicate bone marrow recovery. Barrett, A.P. 240

SKULL

Head and neck pathology in adult radiographs. Kantor, M.L. et al. 408

SLEEP

One, two, three. 420

Resting right. 476

Sleep posture and bruxism. Colquitt, T. 178

SLEEP DISORDERS

Rapid eye movement RBD: a treatable parasomnia. Schenck, C.H. et al. 330

SLEEP, REM

Rapid eye movement RBD: a treatable parasomnia.

Schenck, C.H. et al. 330

SLYMPHOMA

Thought-provoking therapy. 85

SMOKING

Effective use of nicotine-containing gum. Christen, A.G. et al. 72

Marriage to a smoker, asbestos exposure, and lung cancer risk. Humble, C.G. et al. 440

Oral surgeons practice what they preach about smoking cigarettes. Laskin, D.M. 534

Smoking and gingival blood flow rates. Baab, D.A. et al. 638

Smoking intervention: the hygienist's role. O'Shea, R.M. et al. 590

SNORING

Intraoral device used to prevent snoring. Wagner, A.G. et al. 411

SODIUM BICARBONATE

Six dentifrices, their claims: a critique. Sherrill, C.A. et al. 43

SODIUM FLUORIDE

Effect of NaF lozenges on artificial caries. Clark, J.W. et al. 88

SODIUM HYPOCHLORITE

Endodontic irrigants: a comparative study. Kaufman, A.Y. et al. 42

SOUTH AFRICA

Prosthodontic training in South Africa: survey shows need for expansion. Wolfaardt, J.F. 250

Tooth mutilation among South African Bushmen. van Reenen, J.F. et al. 87

SPACE STATION

A great view, but not much room. 420

SPECIALTIES, DENTAL

Prosthodontics program directors' perceptions of specialty overlap. Landesman, H.M. et al. 194

SPEECH

Maxillary glossectomy prosthesis: its effects on speech and swallowing. Davis, J.W. et al. 459

SPEECH DISORDERS

Large palatal fibroma cause of halitosis and speech difficulties. Block, P.L. et al. 453

SPEECH THERAPY

Speech training needed after cleft surgery: a study of 15 years. Hidehira, Y. et al. 635

SPHENOID BONE

Management of ruptured pseudoaneurysm of the sphenopalatine artery. Hemmig, S.B. et al. 459

SPLINTS

Alternative approach to simultaneous osteotomies. Buckley, M.J. et al. 412

Soft vinyl resin stent aids hydroxylapatite use. Torres, C.P. et al. 14

Sterling silver splint for noncompliant acrylic splint wearers. Lapeer, G.L. et al. 348

SPORTS MEDICINE

Chromosome screening of athletes is inaccurate. de la Chapelle, A. 105

STAINLESS STEEL

Stainless steel crowns for permanent molars. Croll, T.P. 400

STARCH

Inflammatory response to glove starch powder. Peters, E. et al. 263

STATISTICS

Orthodontics requires increased knowledge of statistical analysis. Rinchuse, D. et al. 213

Overuse of significance testing in study trials. Pocock, S.J. et al. 607

STERILIZATION

Allogenic lyophilized cartilage implants and effects of sterilization. Wangerin, K. et al. 377

Darkroom disinfection. Chessher, M. 521

Superiority of glass bead sterilization of orthodontic

bands. Smith, G.E. 20

STOMATITIS, DENTURE
Candida implicated in some denture stomatitis. Fouche, M.H. et al. 428
Hypersensitivity to nickel-containing crowns. Lamster, I.B. et al. 514

STOMATITIS, HERPETIC
Morbidity of resistant strains of HSV-1. Vinckier, F. et al. 578

STREPTOCOCCUS
Comparative hydrolysis of MFP by streptococci. Saotome, T. et al. 433
Streptococci and yeast adherence to acrylic. Verran, J. et al. 484

STREPTOCOCCUS MUTANS
Limited sugar intake reduces interproximal and salivary *S. mutans*. Kristofferson, K. et al. 198
Penetration of *S. mutans* into rat fissure enamel. Luoma, H. et al. 424

STRESS
Running into trouble. Troiano, L. 589

STRESS, MECHANICAL
New technique overcomes composite resin polymerization stress. Lutz, F. et al. 184

STRESS, PSYCHOLOGICAL
Anxiety and stressors in dental hygiene students. Cecchini, J.J. et al. 25

STUDENTS, DENTAL
Anxiety and stressors in dental hygiene students. Cecchini, J.J. et al. 25
Students' attitudes about elderly patients. Steele, L.P. 418

STYLOID PROCESS
Fusion of styloid process to mandible following orthognathic surgery. Guttu, R.L. et al. 625

SUBCUTANEOUS EMPHYSEMA
Mediastinal emphysema after extraction of mandibular third molar. Horowitz, I. et al. 181

SUBSTANCE DEPENDENCE
Auxiliary intervention in chemical dependence. Arrison, E. 530
The dental patient who uses cocaine. Chiodo, G.T. et al. 17
Drug behavior changes in ages mid- to late-20s. Raveis, V.H. et al. 442

SUCTION
Alternative passive aspirating system uses standard cartridges. Craig, D.C. et al. 94
Common tissue artifact from surgical suction. Wysocki, G.P. et al. 429

SUGARS
Limited sugar intake reduces interproximal and salivary *S. mutans*. Kristofferson, K. et al. 198
Tongue teasers. Niemark, J. 589

SUICIDE
Suicide increase for white males in USA. 553
TV's impact on suicides. Gould, M.S. et al. 105

SURFACE PROPERTIES
Elements of oral environment degrade composite systems. van Groenigen, G. et al. 206

SURGERY, ORAL
Comparison of methods to obtain graft tissue. Hines, R.A. et al. 93
Oral surgeons practice what they preach about smoking cigarettes. Laskin, D.M. 534

SURGERY, ORAL, PREPROSTHETIC
Efficient use of transitional denture. Balshi, T.J. et al. 175

SURGERY, PLASTIC
Just take a little off the tip. 421
Losing luggage. Schwaner, B. 29

SURGICAL MESH
Absorbable mesh aids augmentation with HA. Silverberg, M. et al. 92

SUTURES

Comparison of materials for nerve suturing. Edinger, D. et al. 35

SYMBIOSIS
Undersea symbiosis. Childress, J.J. et al. 444

SYNDROME
Psychiatric etiology of stylalgia. Hampf, G. et al. 149

SYNOVIAL MEMBRANE
Synovial chondromatosis of TMJ: a case report. Thompson, K. et al. 124

SYNTHOGRAFT
Comparison of two bioceramic implants in periodontal defects. Barney, V.C. et al. 256

SYRINGES
Alternative passive aspirating system uses standard cartridges. Craig, D.C. et al. 94
How to prepare anesthetic syringes: guidelines for the dental assistant. Dietz, E.R. 457

T

TASTE
Tongue teasers. Niemark, J. 589

TAXES
How the new tax law affects estate planning. Goldberg, M.A. 245
Stamping out drug dealers. 141
Tax reform implications for the dental practice. Goldberg, M.A. 24
Tax time tips. 28

TEACHING MATERIALS
Caviddrill preclinical operative training aid. Losche, G.M. et al. 82
Easy-to-make simulator for teaching incision and drainage proficiency. Glickman, G.N. et al. 83

TELEPHONE
Answering machines: overlooked auxiliaries. Kanterman, C.B. 22

TELEVISION
TV's impact on suicides. Gould, M.S. et al. 105

TEMP-BOND
Phenolic oils in cavity liners, bases, cements. Meeker, H.G. et al. 233

TEMPERATURE
Temperature increases and heated gutta-percha. Hardie, E.M. 492
Thermal compatibility of ceramic alloys. Tobey, R. 13

TEMPORAL BONE
Ernest syndrome: features and treatment. Shankland, W.E., II. 306
Psychiatric etiology of stylalgia. Hampf, G. et al. 149

TEMPOROMANDIBULAR JOINT
Variation in occlusal and TMJ relations in healthy individuals. Agerberg, G. et al. 549
Anatomy and Histology
Discomalleolar ligament observed in adults. Komori, E. et al. 101

Injuries
Electroconvulsive therapy and the compromised TMJ. Zulian, M.A. et al. 519
TMJ consequences of whiplash injury. Weinberg, S. et al. 580

Pathology
Little iatrogenic injury from TMJ arthroscopy. Westesson, P. et al. 17

Radiography
New head holder for sagittal CT of the TMJ. Heffez, L. et al. 631
Sonography of TMJ. Heffez, L. et al. 174

Surgery
Superior TMJ access with extended modified postauricular incision. Kreutziger, K.L. 180

TEMPOROMANDIBULAR JOINT DISEASES
Lingual nerve entrapment and TMJ displacement. Isberg, A.M. et al. 519

Diagnosis
Synovial chondromatosis of TMJ: a case report. Thompson, K. et al. 124

Etiology
Correcting restricted mandibular opening due to arthrogeny. Epstein, J.B. et al. 350
Mandibular symptoms in systemic sclerosis. Ramon, Y. et al. 292

Surgery
Autogenous dermal graft for TMJ disk perforation. Tucker, M.R. et al. 155
Iliac crest graft reconstruction of childhood TMJ ankylosis. Kummoona, R. 18
Previously unreported TMJ surgical technique has 100% success rate. Walker, R.V. et al. 413

Therapy
Character and outcome of new approach to pain. Friction, J.R. et al. 581

TEMPOROMANDIBULAR JOINT SYNDROME
Chinese acupoint care for TMJ dysfunction. Chiu, L.C. et al. 520
Multiple mechanisms of TMJ sounds. Woods, M.G. et al. 86
Preprosthetic occlusal control important TMJ dysfunction prevention. Ettala-Ylitalo, U. et al. 212
Preventing TMJ effects of orthodontics. Wyatt, W.E. 461
TMJ function and adverse effects of restorations. Lague, G.D. 132

TEMREX CEMENT
Phenolic oils in cavity liners, bases, cements. Meeker, H.G. et al. 233

TENSILE STRENGTH
Higher veneer tensile bond strength with smaller retention beads. Nicholls, J.I. et al. 35

TERRORISM
Write risks. Hill, D. 29

TETANUS
Trismus an early symptom of tetanus. Leoscher, A. 402

TETRACYCLINE
Gingival fluid compared for concentrations of doxycycline, tetracycline. Pascale, D. et al. 152

TETRAHYDROAMINOACRIDINE
First strike. 197

THEFT
Baby grand theft. 588
Lock your wheels. 532

THROMBOPHLEBITIS
Modified dentures for elderly patient with medical complications. Moline, D.O. 73

TIME AND MOTION STUDIES
Energy control makes successful managers. Wilson, D.C. 192

TIPPING
Tourism troubles. 588

TISSEAL
Fibrin adhesive system's effect on regeneration. Ripamonti, U. et al. 544

TISSUE ADHESIVES
Fibrin adhesive system's effect on regeneration. Ripamonti, U. et al. 544
Human fibrin glue system shows positive results. Pini Prato, G. et al. 543

TITANIUM
Few adverse reactions to titanium implants. Holgers, K.M. et al. 375

TOBACCO, SMOKELESS
Education and early detection reduce risks of smokeless tobacco. Dietz, E.R. 332

TOMOGRAPHY, X-RAY COMPUTED
New head holder for sagittal CT of the TMJ. Heffez, L. et al. 631

TONGUE
Tongue prosthesis for hemimandibulectomy with glossectomy. Ballard, J.L. et al. 70

TONGUE DISEASES

Prevalence of lingual disease. Bouquot, J.E. et al. 89

TONGUE HABITS

Overjet correction stabilized long term by tongue-thrust therapy. Andrianopoulos, M.V. et al. 463

TONGUE NEOPLASMS

Squamous cell carcinoma: a lingual metastasis. Davies-Payne, H.F. et al. 142

TOOTH

Napoleon's legacy: "Waterloo teeth". Kanterman, C.B. 274

Technique for natural teeth pontics. Binkley, T.K. et al. 71

Anatomy and Histology

How to mimic nature: tooth histology applied to dental ceramics. Zimmerman, B. 14

Attrition a factor in decreased crown height. Huang, L. et al. 603

Injuries

Common dental injuries in schoolage children. Garcia-Godoy, F. et al. 142

Tooth mutilation among South African Bushmen. van Reenen, J.F. et al. 87

Transplantation

Review of 400 autogenous tooth transplants. Pogrel, M.A. 422

TOOTH ABNORMALITIES

Dental genetics review. Pearn, J. et al. 313

Prevalence of fusion and tooth gemination. Duncan, W.K. et al. 516

Severe dental anomalies, ophthalmic changes from Rieger's syndrome. Lapeer, G.L. 117

Treatment options for missing or peg-shaped maxillary lateral incisors. Miller, W.B. et al. 628

TOOTH ABRASION

Abrasives in dentifrice. Barbakow, F. et al. 296

Attrition a factor in decreased crown height. Huang, L. et al. 603

Profile of abrasive toothbrushing behavior. Jones, A.R. et al. 198

Warning against careless use of air abrasive. Galloway, S.E. et al. 541

Etiology

Asymmetrical defects in genetic anomalies. Symons, A.L. et al. 464

Occurrence

Cervical tooth abrasion in elderly patients. Hand, J.S. et al. 201

Pathology

Morphology of normal occlusal tooth wear. Woda, A. et al. 265

TOOTH, ARTIFICIAL

Selection of artificial teeth size in Blacks. Grave, A.M. 267

TOOTH, DECIDUOUS

Amalgam restorations in deciduous molars. Holland, I.S. et al. 430

Primary canine retained with etched veneer. McConnell, R.J. et al. 349

TOOTH DISCOLORATION

In-depth look at white and brown spot lesions. Driessens, F.C. et al. 32

TOOTH EROSION

Asymmetrical defects in genetic anomalies. Symons, A.L. et al. 464

Dental erosion caused by nitric acid application. Leary, J.M. et al. 411

Effervescent vitamin C and dental erosion. Meurman, J.H. et al. 262

Enamel eroded by baby fruit juices. Smith, A.J. et al. 316

TOOTH ERUPTION, ECTOPIC

Dentonasal deformity. Wood, G.D. et al. 463

TOOTH EXFOLIATION

Chronic gingivitis after trauma in a child with neutrope-

nia. Symons, A.L. 410

Does isolated intrusion cause root resorption? Dermaut, L.R. et al. 149

TOOTH EXTRACTION

Beneficial effects of extractions on adjacent periodontal tissue. Grassi, M. et al. 593

Lesch-Nyhan syndrome: extractions can prevent self-mutilating behavior. Salzman, R.A. et al. 410

Mediastinal emphysema after extraction of mandibular third molar. Horowitz, I. et al. 181

Noninvasive monitors for outpatients. Anderson, J.A. et al. 229

Third molar extraction. Taft, L. et al. 460

TOOTH FAIRY

Talk about inflation. 85

TOOTH FRACTURES

Fractures of premolars. Salis, S.G. et al. 313

Restorative materials to reinforce cusps in vitro. McCulloch, A.J. et al. 321

Complications

Management of root displacement into sinus. Barclay, J.K. 566

Etiology

Root fractures during lateral condensation. Holcomb, J.Q. et al. 478

Occurrence

Childhood anterior tooth fractures. Oluwole, T.O. et al. 86

Therapy

Management of fractures with composite resin. Baxter, P.W. 355

Retrofilling used in a spontaneously repaired crown fracture. Falomo, O.O. 17

TOOTH GERM

Few complications of bilateral third molar gectomies. Bjornland, T. et al. 627

TOOTH, IMPACTED

Modified surgical management of palatally impacted canines. Smukler, H. et al. 181

Repair of iatrogenic, electrosurgical injury. Shapiro, A. 64

Third molar extraction. Taft, L. et al. 460

TOOTH LUXATION

Root resorption and replantation failure. Payne, G. 509

TOOTH MOBILITY

Oral, jaw manifestations of Burkitt's lymphoma. Baden, E. et al. 572

TOOTH MOVEMENT, MINOR

Esthetic orthodontic extrusion device. Molina, D.G. et al. 242

Orthodontic therapy may solve severe periodontal, restorative problems. Wagenberg, B.D. et al. 238

TOOTH REMINERALIZATION

Caries remineralization. Johansen, E. et al. 356

Effect of NaF lozenges on artificial caries. Clark, J.W. et al. 88

Fluoride dentifrice and rinse recommended for orthodontic patients. O'Reilly, M.M. et al. 536

TOOTH REPLANTATION

Replantation guidelines. Dumsha, T.C. et al. 173

Root resorption and replantation failure. Payne, G. 509

TOOTH ROOT

Drug Effects

Vulnerability of unexposed roots to demineralization. Hoppenbrouwers, P.M. et al. 32

Injuries

Management of root displacement into sinus. Barclay, J.K. 566

Retreat perforated molar. Roane, J.B. et al. 621

Root fractures during lateral condensation. Holcomb, J.Q. et al. 478

Pathology

Fluoride-adequate water and root surface caries in elderly patients. Brustman, B.A. 202

Physiology

Temperature increases and heated gutta-percha. Hardie, E.M. 492

Surgery

Fabricating prostheses for sectioned teeth. Katenbaum, F. 231

Limited benefits of scaling/root planing with surgical access. Buchanan, S.A. et al. 379

Plaque control, root debridement in molars. Norland, P. et al. 431

Treatment of three-rooted maxillary second premolar. Barkhordar, R.A. et al. 399

TOOTH, SUPERNUMERARY

Autogenous transplant of supernumerary incisor. Spuller, R.L. et al. 299

Dentonasal deformity. Wood, G.D. et al. 463

TOOTH, UNERUPTED

Internal root resorption in an unerupted premolar. Brooks, J.K. 173

TOOTHACHE

Oral, jaw manifestations of Burkitt's lymphoma. Baden, E. et al. 572

Tooth pain threshold varies by stimulus type. Orchardson, R. et al. 326

TOOTHBRUSHING

New tooth cleaning efficiency index. Maizels, A. et al. 328

Profile of abrasive toothbrushing behavior. Jones, A.R. et al. 198

TORCS

Celtic gold torcs. Eluere, C. 554

TOXIC SHOCK SYNDROME

Toxic shock syndrome of odontogenic origin. Egbert, G.W. et al. 290

TRACE ELEMENTS

Role of trace elements in caries prevention. Olson, B.L. 518

TRICHOCEGENES

A hole in the bucket. 28

TRISMUS

Coronoid process locking underestimated. Isberg, A. et al. 306

Correcting restricted mandibular opening due to arthrogryposis. Epstein, J.B. et al. 350

Prevalence of enlarged coronoid processes may be higher than expected. Macleod, A.W. 565

Trismus an early symptom of tetanus. Leoscher, A. 402

U

ULCER

Sorry Bossie. McCarthy, P. 421

ULTRASONIC THERAPY

Techniques of calculus removal evaluated. Gellin, R.G. et al. 95

Ultrasonic removal of fragments in root canals. Nagai, O. et al. 204

ULTRASONICS

Ultrasonics in removal of points, posts, files. Weine, F.S. et al. 62

UNITED KINGDOM

British dentists surveyed on hepatitis B vaccine. Samaranyake, L.P. et al. 534

UNITED STATES

Suicide increase for white males in USA. 553

V

VEHICLES

Easy pill to swallow. Shaffer, M. 140

Simplified measurement of fluoride in powders. Hattab, F.N. 382

VELOPHARYNGEAL INSUFFICIENCY

Adult velopharyngeal closure without relapse. Pei-Kun,

L. 462
VENEER PRIMER
 Effect of bonding agents on bond strengths of repaired composite resins. Azarbal, P. et al. 36
VENTRICULAR FIBRILLATION
 Heart jump-start. 308
VERTICAL DIMENSION
 Determining the vertical dimension of the face. Samant, A. et al. 183
 Gothic arch tracer to determine jaw relations. Goldfogel, M.H. et al. 185
VIADENT
 Six dentifrices, their claims: a critique. Sherrill, C.A. et al. 43
VICRYL
 Comparison of materials for nerve suturing. Edinger, D. et al. 35
VIDEO RECORDING
 Producing a dental video. Hemmes, M. 77
VIRAL VACCINES
 British dentists surveyed on hepatitis B vaccine. Samaranyake, L.P. et al. 534
VIRUS DISEASES
 Case of myofascial pain has possible viral origin. Harris, T.B. et al. 156
VITAMIN C
 C'ing is believing. Yulsman, T. 644
 Effervescent vitamin C and dental erosion. Meurman, J.H. et al. 262
VITAMIN D
 History of vitamin D. Rafter, G. 612
VON WILLEBRAND'S DISEASE
 Diagnosis, treatment of von Willebrand's disease. Johnson, R.S. et al. 521

W

WAR
 On children and war. Brauner, A. et al. 49
 Write risks. Hill, D. 29
WASTE PRODUCTS
 New hazardous waste laws affect small companies. Finegan, J. 52
 One for the circular file. 589
 The truth according to garbage. Taylor, A. 645

WATCHES
 Nothing up your sleeve. 588
WATER
 Rinse cycle. 477
WHIPLASH INJURIES
 TMJ consequences of whiplash injury. Weinberg, S. et al. 580
WINGS
 Naturally better. 309
WIT AND HUMOR
 Witty weddings. 28
WOMEN
 Better nutrition affects historical gender ratios. Bullough, V.L. 496
WORK
 Culture shocks. 533
 Eggcellent. 532
 Energy control makes successful managers. Wilson, D.C. 192
 Great expectations. 533
WOUND HEALING
 Case results show promise for guided tissue regeneration. Gottlow, J. et al. 11
 Cell attachment to diseased surfaces. Fardal, O. et al. 154
 Gingival autograft "take" dependent on epithelial vesicles. Nobuto, T. et al. 437
 Healing after cryosurgery of periodontal ligament. Tal, H. et al. 255
 Histogenesis of wound healing via selective repopulation of cells. Caton, J.G. et al. 641
 In vitro look at fibroblast attachment. Heaney, T.G. 262
 Predicting soft tissue response to intrusion. Phillips, C. et al. 207
 Should debridement include root cementum? Nyman, S. et al. 209
Radiation Effects
 Irradiation timing and alveolar wound healing. Gugliemotti, M.B. et al. 209

X

XENON RADIOISOTOPES
 Vitality test using radioactive isotope. 204
XERORADIOGRAPHY

Accurate computer images made from radiographs. Gullickson, D.C. et al. 384
 Experienced versus inexperienced xeroradiographers. White, S.C. 549
XEROSTOMIA
 Electronic stimulator therapy for xerostomia. Weiss, W.W. et al. 93

Y

YACHTING
 Naturally better. 309
YEASTS
 Lightening the process. 196
 Report of yeast in juvenile periodontitis. Gonzalez, S. et al. 324
 Streptococci and yeast adherence to acrylic. Verran, J. et al. 484

Z

ZENDIUM
 Six dentifrices, their claims: a critique. Sherrill, C.A. et al. 43
ZIDOVUDINE
 Nipping at its heels. Marwick, C. 309
ZIMELIDINE
 Comparing zimeclidine with maprotiline. Mornstad, H. et al. 208
ZINC CHLORIDE
 Sanguinaria, not zinc, determines effectiveness. Southard, G.L. et al. 546
ZINC OXIDE-EUGENOL CEMENT
 Sealing ability of interim filling materials. Friedman, S. et al. 38
ZIRCONIUM
 Zirconium silicate gum effective on plaque. Kleber, C.J. et al. 96
ZYGOMA
 Coronoid process locking underestinated. Isberg, A. et al. 306
ZYGOMATIC FRACTURES
 Orbital apex syndrome. Zachariades, N. et al. 510
